Dear Dr Peters,

I would like to apologize for the delay in submitting my paper to the library. The past year has been very hectic. I would be happy to release my paper to the library. I have monday the 10th free, and I can stop by the campus and sign any necessary paper work. I also would like to take this opportunity to thank you again for your mentorship.

Best wishes,  
James

James,

Would you send me your "permission" for the library to archive your paper. Thanks so much,

Joan
