

FRESNO STATE

This "Wine Of One Night" was made in the traditional southern Rhone style. One day after crush, this blend of Grenache, Syrah, and Mourvedre was pressed and then uniquely co-fermented in a stainless steel tank to preserve the fresh fruit character of these Rhone varietals. Served slightly chilled, this limited addition wine is perfect with hors d'oeuvres.

Since 1960, California State University, Fresno has produced world-class winemakers and in 1997 pioneered the first commercial winery on a university campus in the United States. Every bottle you enjoy contributes to the continued enhancement of California wines and the academic endeavors of the College of Agricultural Sciences and Technology.
